

CLUB MED 2, A UNIQUE EXCLUSIVE COLLECTION EXPERIENCE

She's the most beautiful 5-masted ship in the world. A legendary yacht - the largest - in the yachting landscape. In contrast to the giants of the seas, Club Med 2 cultivates the nostalgia of long voyages, the taste for time and the intimacy of a human-sized boat. After 2 months of work and more than 9 million euros invested in its renovation, it was unveiled in December 2022.

More contemporary, Club Med 2 remains true to its spirit: resurrecting the magic of the great crossings of the beginning of the last century. Club Med 2 offers an unprecedented communion with the seas and oceans. And over 187 meters long, it is now the spirit of the French Riviera that blows from the Mediterranean to the Caribbean.

A CHIC AND CONTEMPORARY LOOK

The architectural firm Sophie Jacqmin has worked out every last detail of the nautical world that is so dear to the imagination of travelers. From the 184 cabins to the bars Le Saint-Barth and Le Cannes, right through to the restaurant Le Monte-Carlo, all the furniture, floors, objects, fabrics and new fittings have been given a light and contemporary chic look. The intimate lounges and other “squares” play the refined maritime card with nuance, simply encircled by ropes and stainless steel fittings, while the majestic chandelier in the lounge illustrates the choice of sophisticated design touches. The impressive Fresnel lenslike lighting installation at the entrance to the restaurant invites you to melt into the cozy atmosphere of dark wood and old leather in the evening. On the upper deck, it is the choice of clean lines, coastal-inspired prints and comfortable summer lounges that force contemplation. Wishing to offer much more than the experience of a long journey, it is the total disconnection and the assumed comfort of a huge balcony suspended above the ocean that Club Med has chosen to reveal.

THE ITINERANT EXPERIENCE

Sailing aboard a collector's item is the promise of a timeless stay, and perhaps the ultimate experience of the demanding Club Med Exclusive Collection. Here, more than anywhere else, the days stretch out at your own pace, in time with the sun. In addition to the immensity and the passing landscapes, Robinson's dreams resurface, and the ability to find oneself... In this sense, Club Med 2 has been designed as a plural haven. Capable of satisfying moments of solitude and contemplation, and others that are more celebratory, joyful and carefree. If partying takes on a whole new dimension in the middle of the ocean and under the stars, this exceptional sailing yacht has also made well-being a top priority. From byHeberon yoga classes to the Sothys house for a complete expertise of treatments at the Spa, the disconnection

is immediate and more and more targeted, tailor-made. And because letting loose also involves sport (at the heart of the Club Med experience), movement and a multitude of experiences specific to each seaside, water sports are given pride of place like nowhere else and have their own Hall where you can find water-skiing, sailing, snorkeling, paddling, and even a few exclusives such as Wing Surf, the Hobie Mirage Eclipse and a new Tiwal sailing boat. This Exclusive Collection welcomes children from 8 years and above and has many surprises in store for them on board and on land... And for adults, too.

Club Med 2 is about endless skies, experiences that grow in intensity and a new wonder every day.
